

Dictionnaire des philosophes antiques Online

A comprehensive reference work on the lives and works of ancient Greek and Roman philosophers

The *Dictionnaire des philosophes antiques* is devoted to philosophers and important witnesses of the Greek and Roman philosophical tradition, from the Presocratics to the late Neoplatonists of the sixth century. The articles, prepared by French and foreign scholars, make use not only of literary sources, but also of inscriptions and papyri. In total, 236 editors from 20 different countries have contributed to this unique and large-scale enterprise, which started its first volume in 1989 and consists of seven volumes – including a fifth volume in two parts – and a supplement.
